Hello Rich,

We have made the decision to end the VOC sampling, because we have not seen any evidence in the year's data collected of disinfection byproducts getting through to the coastal water. If you have any questions, please let me know.

Thank you for the help with this,

Nancy

Subject: Lahaina Seeps

Hello Sara and Nancy:

Is the monthly sampling of the Lahaina Seeps done? We have not gotten a sample for January. If it is complete that is OK with us. We are happy to support the project, but the salt water samples have necessitated a lot of extra maintenance and down time for our equipment.
